

## **Draper City Storm Drain Design & SWPPP Checklist**

**FOR PROJECTS LARGER THAN 1 ACRE PROJECTS LESS THAN 1 ACRE AND PART OF A COMMON PLAN OF DEVELOPMENT OR SALE**

**Below are documents that will assist you in the planning, design, and implementation of your storm drain infrastructure and Storm Water Pollution Prevention Plan (SWPPP)**

1. A-01 Special Environmental Considerations
2. A-02 Hydrologic Methods and Considerations
3. A-03 Procedure for LID Practices
4. A-04 BMPs for Construction
5. X-04 Notice of Termination (NOT) Process
6. UTRC00000 SW construction General Permit

**Include the Following and submit with your final project drawings/documents for approval:**

1. **Storm Water Pollution Prevention Plan (SWPPP)**- You may use the SWPPP CGP Template found at <http://www.deq.utah.gov/Permits/water/updes/stormwatercon.htm> or equivalent as long as it meets the criteria set by the UPDES Construction General Permit (CGP) UTRC00000
2. **Notice of Intent (NOI)**: Provide a copy of the NOI you completed to obtain UPDES CGP UTRC00000 permit. NOIs may be completed online with the Storm Water Permit Issuance System at <https://secure.utah.gov/account/log-in.html>
3. **Drainage Study/Report**: The drainage study shall include documentation of how LID will be implemented. If LID cannot be implemented due to site characteristics, documentation shall be provided as to why.
4. **Post Construction Storm Water Maintenance and Preservation Plan**: Maintenance Plan provides guidance to the owner of a property to perform and document annual inspections, maintenance, and housekeeping practices. The purpose of the maintenance plan is to maintain the storm water system and associated post construction BMPs to prevent pollution from discharging to storm drain system.
